Sermon Title: Hopefull: Of Anxiety and Care

Scripture: 1 Peter 5:6-14

Date: May 25th, 2025

Speaker Name: Justin Chandler

1. Read 1 Peter 5:6-11. What admonitions did Peter give for glorifying God in difficult experiences?
2. 1 Peter 5:6 is a continual thought between two weeks of our series. Why does God view pride as so destructive?
3. What does it mean in practical terms to cast our anxieties on God (5:7)? Would you be willing to provide an example..
4. What helps you believe that God cares for you? What hinders you from fully believing this?
5. It is to our advantage to spend more time considering how we can pursue God more fully than on the devil (which 1 Peter reflects as well), what are the tactics of the enemy that cause many of our worries? How can we have victory over Satan?
6. What specific worries are you carrying instead of letting God take them?
7. These verses end the first letter of Peter. Has then been a week of this series or section of verses that have been particularly helpful to you? [Leader's Note: we are biased to the most recent weeks. It may be helpful to review each week of the series]
8. What steps of obedience will you take this week to live what you learned in this letter?
9. Summer Series 2025 will be "We Believe." Let's review the "Our Beliefs" section of the Harbor Trinity website. Is there one in particular you are interested in learning more about?
10. As we prepare for the summer, is there an area of our church that you would be willing to step in and serve? [Leader's Note: please send an email to info@harbortrinity.org with details]
